

# Find a translator without slowing down

Get the translation and interpretation you need, when you need it, for free, with access to the world's largest group of remote translators and interpreters right from your phone.

#### Get started for free

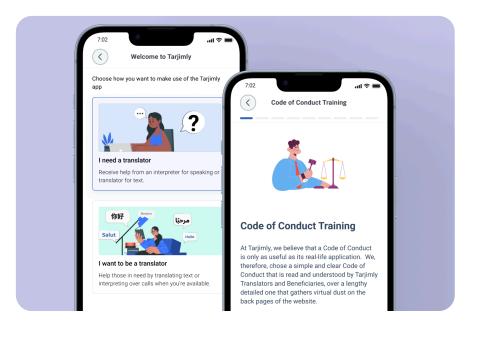

### Download the Tarjimly App

You can download the "Tarjimly" app from your phone's appstore. Search Tarjimly or scan the QR code.

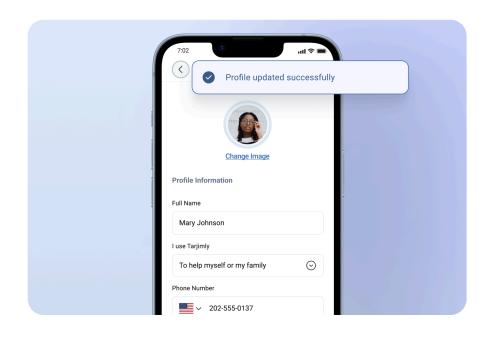

### **2** Create an Account

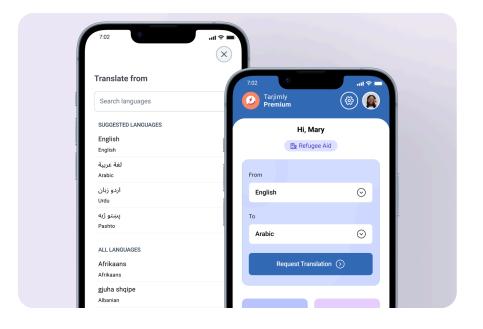

Select "I need a translator" and complete the sign up process.
After signup, you'll need to allow notifications, verify your email and also take the Code of Conduct Training.

# 3 Update your profile

This is to help us match you to the best available translator suited to your language needs.

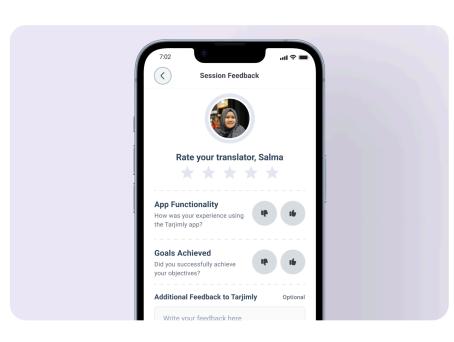

# 4 Choose your languages

Choose the languages to translate and add filters to your request. When you've filled all the details, click the "Start request" button.

# **Get connected**

Get connected to a translator in a live chat session. You can send texts, voice notes, documents or even start a phone call.

# Salma A. Is typing... Feb. 2, 2023 Hi there, I'm your translator - Salma 6:30 pm I'm a native Arabic speaker in the US. How can I help you? 6:30 pm Thanksl Can you translate this short document for me? Thanksl Can you translate this short document for me? I need you to tell the patient that the

# 6 Rate your session

After finishing with the translator, click the three dots and select "end the conversation." You'll then see a screen to rate the session and translation.
